SCOUT OFFICER VISITS AT LOGAN

Charles N. Miller Conducts Demonstrations; Ogdens Executive Speaks

LOGAN, May 22.—Charles N. Miller, national field executive of the Boy Scouts of America, who will be in Ogden at leadership conference to be held here Monday arrived in Logan today. He was met by Dr. B. L. Richards of the Utah Agricultural college and introduced to the scout leaders and masters of the city.

Every boy in Logan and many from the adjacent country saw for the first time what a Boy Scout fire was like. On the city hall square tonight a camp fire was held at which a second class Boy Scout council was organized.

Tomorrow in the Tabernacle a mass meeting of young people and their parents will be held at which Mr. Miller is expected to deliver an address covering the general utility of the Boy Scout movement and manifesting the spirit which is behind the movement in making a clean, vigorous and resourceful young America.

Other speakers at Sunday's mass meeting are George A. Coates, scout executive officer of Ogden and O. A. Kirkham, scout executive of Salt Lake, and John H. Taylor, deputy scout commissioner of Salt Lake.

Nuttall Fined \$100 for Reckless Driving

BRIGHAM, May 22.—D. J. Nuttall, who was driving the Dodge car going north near the Hot Springs Tuesday night, when it collided with an Oakland driven by J. C. Bishop, and several people were injured, was brought to the city Thursday evening by Sheriff Job Wellen, and yesterday appeared before Justice Russell Wright. He was sentenced to pay a fine of \$100 for reckless driving on the highway.

According to eyewitnesses, who reside near where the accident happened, Mr. Nuttall was using the entire roadway when he passed their place, in a zig-zag fashion. A few moments later the crash came when both cars were on the west side of the road. The driver of the Oakland had tried to get out of the way and had left the pavement to the west, coming south.

Mr. and Mrs. W. C. Spencer, who were riding in the Oakland car with Mr. Bishop, going to Salt Lake, were thrown through the wind shield and both were badly injured.

SENIMENT BLOCKING PROPER WATER SUPPLY

BOISE, Idaho, May 22.—That sentiment is blocking an adequate water supply for farms supporting 20,000 people in eastern Idaho, was a statement made by Governor Davis in a letter written yesterday to Representative P. P. Campbell of Kansas, chairman of the house rules committee. The letter was a request for early action on a bill assuring a reservoir on Fall river.

The proposed reservoir would be built in Yellowstone Park. The bill was introduced in January by Senator Nugent and Representative Smith of Idaho. The governor calls attention to the fact that the reservoir site is not in the original park, but is a swampy section recently visited by tourists.

UTAH BANKS IN GOOD CONDITION

State Commissioner Sees No Probability of Panic Here

SALT LAKE, May 22.—Utah is not facing a financial panic for though there is a tightening of money, Utah is in splendid shape, according to N. T. Porter, state bank commissioner for Utah.

"There is no reason for Utah to worry at the financial outlook, for although other communities may have hardships, there are many reasons why this community will have much clearer financial sailing. While seaboard and eastern communities live from the manufacture of luxuries, Utah produces staples and necessities. The industries that have made Utah famous are the manufacturing of the things that meet the world's everyday needs, and although the world is turning from the use of luxuries, the demand for Utah's necessities will daily increase. Hard times will have no terrors for the Bee Hive state's industries," said Mr. Porter.

"If Utah were to be cut off from the rest of the world tomorrow, it could support itself nicely. Our people have shown a desire to economize, and during the last few weeks, the same thrift that helped to win the war, is creeping back into notice.

The most helpful move that is coming from this agitation is the thawing out of frozen loans, spoken of by W. P. G. Harding, of the federal bank system. Few of the great mass of the people realized to what extent speculators were using their credit to buy goods, placing them in cold storage warehouses, thus forcing the prices up, and causing much suffering among the poor. The directors of the federal banks were quick to notice this practice, and pulled in these frozen loans which will force thousands of tons of cold storage foodstuff upon the markets. And although many innocent, who have purchased at high prices, will lose when the influx of foodstuffs emerge from cold storage, yet the freeing of the cold storage crop will be a great blessing," said Mr. Porter.

"There is no cause to worry. One may read of the financial disturbances elsewhere, but here conditions will be sounder and more secure than in most places. Utahans may rest assured that if Utah does come to the lower floor of a financial flurry, there will be no people in the galleries," continued Mr. Porter.

Ore Shipped From 20 Mines Around Tintic

EUREKA, May 22.—Twenty Tintic mines participated in ore shipments from here during the week ending tonight. A total of 143 tons was shipped as compared with a total of 170 tons for the preceding week. Chief Consolidated, with a total of 39 carloads, Tintic Standard, with 20 carloads, Dragon with 13 carloads and Eagle and Blue Bell with 13 carloads, lead the list.

Mines which participated in shipments during the week and the number of carloads of ore shipped follow: Tintic Standard, 20; Dragon 13; Eagle and Blue Bell, 13; Iron Blossom, 8; Victoria, 7; Mammoth, 7; Grand Central, 6; Iron King, 5; Gemini, 5; Bullion-Beck, 4; Empire Mines, 2; Alaska, 1; Ridge and Valley, 1; Victor Consolidated, 3. Total, 143 carloads.

ARMY TENT COLONY TO RELIEVE HOME SHORTAGE IN NEWARK

NEWARK, N. J.—Two hundred army tents are being put up here to relieve the acute housing condition. The city has appropriated \$25,000, and it is expected 500 people will be accommodated. A community kitchen will supply cooking service. Mayor Charles P. Gillen (above) greeted the first family to move in. Mrs. Marguerite Stanton and her daughter, who were evicted from their former home.

Brigham Pleased by Increase in Census

BRIGHAM CITY, May 22.—Telegraphic dispatches from Congressman Milton H. Welling to Mayor John W. Peters announce that the census returns give Brigham City a total population of 5282, which is an increase of 43 per cent over the last census. Since the census was taken Brigham City has added to her domain by several hundred acres of land and to her population by approximately 100, by admitting the Fruitvale addition south of the city, the residents of which petitioned to become a part of the corporate limits of Brigham City.

The fact that this city has reached the population prescribed by law to make the municipality eligible to enter the list of cities in the second class is hailed with satisfaction by the citizens here. Just when Mayor Peters will take the necessary steps to bring about that change cannot be announced at this time, but he has taken steps to acquaint himself with the legal procedure.

The percentage of increase in population shown by the census report places Brigham City at the very front of all the cities in the state for none other of the larger cities has shown such a large percentage gain as has this city. At the present time there is such a demand for homes for people that real estate dealers declare they could fill more than fifty homes with new people from the outside if they could get them.

TROUT SPAWN PLANTED IN IDAHO'S STREAMS

POCATELLO, May 22.—Fish Commissioner George Isaacs reports that the addition of 250,000 native cutthroat trout spawn, taken from the upper Snake river, and 600,000 eggs from the Coeur d'Alene lake, will aid in the development of the fishing sport in Idaho this year.

Commissioner Isaacs stated that Beaver dams were of great benefit to trout during the spawning season, the water impounded by the dams acting as a protection to the eggs.

Draws Like Hot Flax-Seed Poulitice

Just like a hot flax-seed poulitice, Allen's Ulcerine Salve draws out poisons and germs from boils, sores and wounds and heals them from the bottom up. It heals in one-third time that common salves and liniments take.

Allen's Ulcerine Salve is one of the oldest remedies in America, and since 1879 has been known as the only salve powerful enough to reach chronic ulcers and old sores of long standing. Because it draws out the poisons and heals from the bottom up, it seldom leaves a scar, and relief is usually permanent. At all druggists or by mail, 65c; book free. J. P. Allen Medicine Co., St. Paul, Minn.

State University Graduates Listed

SALT LAKE, May 22.—University of Utah students who are candidates for graduation in June were announced yesterday as follows:

School of Education—Martha Pack Alexander, Floyd Anderson, Dora Beck, Helen Edwards Bowers, Minnie Barlow, Claire Bannion, Curnack Brunton, Alma Aino Burman, Rulon W. Clark, Alvira Coolidge Cox, Christie Ellington, Merrill A. Etzenhouser, Vardis Alvero Fisher, Mrs. Lottie H. Fryer, Laura Dean Freeman, Ella Hafen, Beryl Hamilton, Hannah Kiehlra Higgs, Maria Louise Higgs, Maria Louise Hill, Venice Hopkins, Lester Andrews Hubbard, Isabel Huddart, Mildred Grace Jensen, Floy Katchner, Gustave O. Larson, Eva Lewis, Mary Ann McWilliams, Lucille Margaret, Helen Midgley, Lester Marcus Norberg, Genevieve Affon Parry, Oralle Rawson, Bernice A. Reynolds, Rose Robins, Beulah Gaines Roser, Mabel Ruben, Dorothy Sallisbury, Maude Lucille Settle, Sarah Shapero, Amy McAllister Silver, Hattie Nesbitt Smith, Lucile O. Sorenson, Eleanor Stahmann, Lillian Mabel Stanley, Mary Louise Storey, Hazel Van Cott, Charlie T. Wells, Ora Whipple, Gwendolyn Woolley, Edith Harriet Yundt.

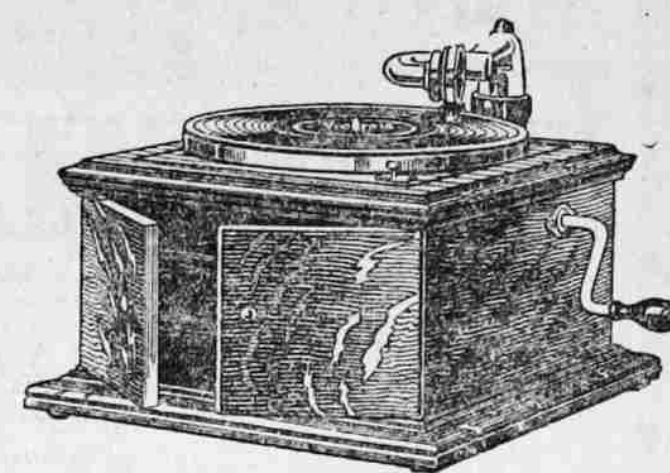

School of Art and Science—Mrs. Louise Arnoldson, Mayrle Burrows, Alberta May Calvert, Thomas R. Chamberlain, Estella Fenton, Kametra Goda, Atton A. Greenwood, Jenette Groo, Ruth Harwood, Victoria Howell, Fulvai Ivins, Carrie Daniels Jones, Ruby E. Jensen, Christy Ann McLeod, Mahala Moss, Verence Reynolds, Grace Richards, Hazel Catherine Selby, Adolph F. Shafsky, Ruth D. Shipn, Blanchard R. Ware, Edith Ritter Wells, Edna Williams, Hugh Allan Wing, George T. Patrick, Horace Byron Thomson and Joseph Thorup.

School of Medicine—Thomas Warren Allred, Theron Bannion, Leonard E. Croft, Farley G. Eskelson, Ethel Myrtle Grege, William S. Miller, Charles Russell Parrish, James Pettigrew Paul, H. S. Stevenson, Ralph Myron Tondowsky, John A. Thorson, Ella Walker and Charles Wilford Woodruff.

MURDER CHARGE AGAINST WOMAN

Mrs. Marie Healy Accused of Slaying Her Husband at Ely

SALT LAKE, May 22.—Charged with first degree murder, Mrs. Marie Healy is in the county jail at Ely, Nev., in connection with the shooting of her husband, James C. Healy, at their home in Ely Monday night.

Residents of Ely say that Mrs. Healy's jealousy over Marie, 7-year-old daughter of her husband by a former marriage, prompted the killing. Mrs. Kate Healy, 325 Hanover Place, Salt Lake, received the following letter from the child last night:

"Dear Grandmother: Mamma killed papa with a gun. She whipped me on May 2 and I ran away from her. The judge said I could live with Mrs. Morton. I want to come and see you."

"Your baby MARY," Mrs. A. M. Byron, sister of the dead man, said today Mrs. Healy showed jealousy of the child and of Healy's mother and sister when visiting here.

Mrs. Byron said she had not kept in touch with the affairs of the family, and when the shooting occurred was at a loss to attribute a motive, but the child's letter combined with the story told by neighbors, has convinced her Mrs. Healy shot her husband in a fit of jealous rage.

Funeral services for James Healy were held today at the Masonic temple in Salt Lake City under the auspices of Acacia lodge No. 17. Interment was in Mount Olivet cemetery.

BELGIUM IS SEEKING CATTLE IN AMERICA

SALT LAKE, May 22.—Dr. W. A. Hoggan, state livestock inspector is in receipt of letter from Belgium state authorities saying that the country needs 3,000 head a month. Uruguay is also in the market for American cattle.

Smith, Leon M. Strong, Ada Sterdey, Beulah Leona West, Inez E. Wilcox and Ruth E. Wiscomb.

Attempt to Pass Bad Check Is Frustrated

BRIGHAM, May 22.—Thursday morning J. F. Lohman, a stranger, walked into the Toggery store and purchased several articles and laid down a check drawn on the J. N. Ireland bank of Malad for \$22, made payable to Frank McCombe. It was signed by S. B. Chapman. The clerk in the store referred the check to Ben Abramson, owner of the store, who suggested that he call up the Malad bank and inquire if the funds were on hand to meet it. This was agreeable and Mr. Abramson went to the telephone. At this moment Lohman made an excuse to step outside just a moment and "forgot" to return for his package or change. The officers were notified and the victim was captured on Fifth South street while waiting for the electric car.

He admitted to the officers that he found the check and merely endorsed the name of Frank Lohman on the back. It is believed by the officers that he made out the entire check and has been charged with forgery. He is now being held at the county jail.

SUMMER BAND CONCERTS TO BE GIVEN AT LOGAN

LOGAN, May 22.—Proposed plans for semi-weekly concerts during summer months by the Logan Military band have been approved by directors of the chamber of commerce.

With the exception of the war period, when the greater portion of the band personnel enlisted, Logan has had these concerts since 1912.

145,000 TROUT FRY DISTRIBUTED IN STATE

SALT LAKE, May 22.—From April 22 to May 17, a total of 145,000 rainbow trout fry was distributed from the state hatchery at Springville and planted in streams throughout the state from as far south as St. George to Ogden river near Huntsville in the north.

A vast supply of sodium sulphate is represented in the deposits of some of the lakes in Siberia. Lake Marmyshansk alone is estimated to contain about 3,000,000 tons.

Cheesman to Have Garage at Brigham

BRIGHAM CITY, May 22.—Brigham is entering upon a year of prosperity and improvements. The paving of several blocks and the rebuilding of the electric light system last fall, seemed to inspire people generally in the city to arouse themselves from a long slumber and to wake up to the opportunities presented here.

John L. Pierce and W. O. Knudson, recently purchased several feet of frontage on Main street just south of the federal building and the first of the week, a force of men were put to work excavating for a large modern garage building and showroom, which will be occupied by the Cheesman Auto company of Brigham and Ogden.

Across the street and the corner of First South and Main streets, on the property owned by Elias Jensen, ground was broken yesterday for a building that will contain four departments facing on Main street.

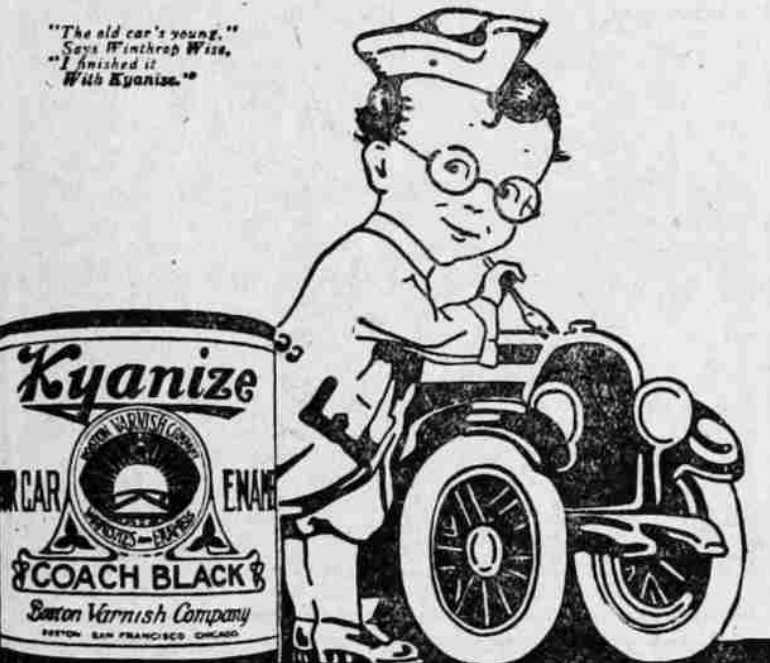

There are a number of modern homes now under construction and people are making inquiry every day for places to rent and there are none to be had.

Joseph Wight and others are erecting a modern ice factory. The machinery has all arrived and is now being installed in a new building on First West street, north of Forest. The Brigham City Fruit Growers will build a large warehouse and office this fall.

Park City Ore Goes Out at Normal Rate

PARK CITY, May 22.—Shipments from the Park City district for the week ending tonight totaled 2263 tons, as compared with 2369 tons for the preceding week. Judge Mining and Smelting with shipments of 655 tons of ore and 224 tons of spelter was the heaviest shipper; Silver King Coalition with 542 tons, shipped was second, and Ontario, with 512 tons, third.

Mines and the number of tons of ore shipped follow: Judge Mining and Smelting, 655 tons; spelter, 224 tons. Silver King Coalition, 542 tons; Ontario, 512 tons; Daly West, 175 tons, and Daly 155 tons. Total 2263 tons.

IMPROVE YOUR CAR—INCREASE ITS VALUE

A little time and a very little effort on your part with only slight expense will give your old car the appearance of a brand new machine.

MOTOR CAR ENAMELS

There are positively the most durable automobile coatings on the market. Eight handsome colors in addition to Black and White. Paint and varnish the car in one operation and dry quickly with a tough, brilliant lustre that will not crack, peel, chip or soften under any possible weather conditions known.

MOTORISTS—GET THIS FREE BOOKLET If you will call at our store we will give you a copy of our booklet "How to Paint Your Automobile." A valuable little volume giving complete instructions. Get it today.
